## GAIL and CSRL to establish two centres in Uttarakhand

Hon'ble CM, Uttarakhand launches "GAIL Utkarsh Super 100" programme to train students from underprivileged families to enter IITs, NITs

**Pic: GAIL Chairman & Managing Director Shri B C Tripathi addressing the gathering at the launch of GAIL Utkarsh Super 100**

Hon'ble Chief Minister of Uttarakhand Shri Trivendra Singh Rawat launched the "GAIL Utkarsh Super 100" programme, a Corporate Social Responsibility (CSR) initiative of GAIL, in the presence of Hon'ble Minister of State for Higher Education (Independent Charge) Shri Dhan Singh Rawat and GAIL Chairman and Managing Director Shri B C Tripathi.

Meritorious students from underprivileged families in Uttarakhand can now dream of studying in prestigious Indian Institutes of Technology and other top engineering colleges. The Uttarakhand Government, GAIL (India) Limited and Centre for Social Responsibility and Leadership (CSRL) have come together to establish two centres in Kumaon and Garhwal regions to benefit such students.

These two centres will be established under GAIL's Project Utkarsh which is a flagship CSR programme of GAIL aimed at nurturing deserving students from marginalized communities. The programme provides all-expenses paid, specialized residential coaching and intensive mentoring so that they can compete for engineering entrance examinations such as Indian Institute of Technology – Joint Entrance Examination, Uttar Pradesh Technical University, etc.

Since its inception in 2009-10, 690 students have been trained under GAIL's patronage, of which 598 have been selected – 125 in IITs and 473 in NITs and other engineering colleges.

## Status of TB FREE PATA – A one of its own type CSR initiative by GAIL

GAIL India in association with International Union Against TB and Lung Disease started an innovative 360 degree TB prevention and support project in Pata, district Auraiya (UP) in 2017. Government of India has the largest program RNTCP where diagnosis and treatment is available free of cost. However, people come late into the system and many of them do not complete their treatment. To address this gap of

community outreach, delayed diagnosis and relatively poor treatment adherence, TB Free Pata project was designed. The project was initiated on 8th June 2017. Key objectives of the project are: promoting early diagnosis by active case finding & promoting treatment adherence through outreach, counselling and follow-up.

The key activities and objectives covered under the project are as follows:

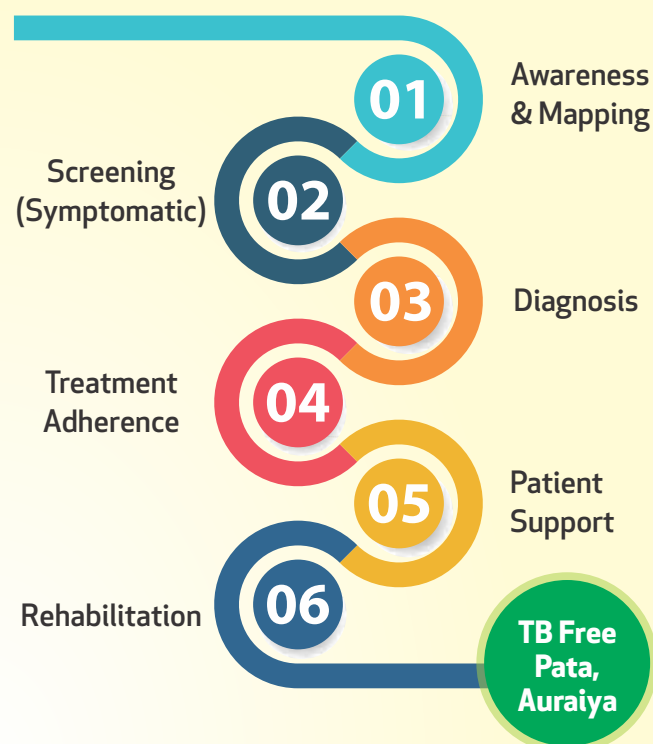

- |                              |                         |                                    |
|------------------------------|-------------------------|------------------------------------|
| 1.) Awareness & mobilization | 2.) Active case finding | 3.) Providing Innovative diagnosis |
| 4.) Treatment through RNTCP  | 5.) Notification        | 6.) Treatment and follow-up        |
| 7.) Treatment adherence      |                         |                                    |

## Planned implementation model of the project/program:

Till Aug 2018 more than one lakh people have been surveyed, out of which 790 symptomatic presumptive cases have been identified. Around 650 patients have been tested and TB is confirmed in 57 patients (3 MDR patients included) and the total patients done with the X-Ray is 69. The programme is collaborating with 5 government DMCs i.e. Dibiapur, Phaphund, Achhalda, Muradganj & Sahar for testing and treatment. Total villages covered are 96.

GAIL team along with Project Director, The Union, and Wockhardt officials, visited office of State TB Cell, Swasthya Bhavan, Lucknow on 09.07.2018 and discussed the activities taken up under the project.
